

法隆口袋雪茄盒 Falloncuir Pocket Humidor

曾效力于爱马仕的帕特里克·法隆一直对雪茄有着浓厚的热情，却苦恼于雪茄干枯后的糟糕口感。为此，他的工作室采用短吻鳄、巨蟒、水牛、黄貂鱼、鸵鸟、青蛙和法国长毛兔等动物身上的特殊材质，专为法隆的至爱雪茄打造了一系列口袋雪茄盒。非洲精选系列的设计灵感来源于一次非洲旅行，这些用水牛皮和法国长毛兔皮制造的口袋雪茄盒集结了三种他喜欢的动物元素：长颈鹿、斑马和狮子。法隆口袋雪茄盒不仅外观精致独特，还可起到防潮作用。有了它，雪茄客们去丛林待上五到七天，雪茄口感都丝毫不减。

Patrick Fallon, a former craftsman at Hermes, puts the knowledge and virtuosity of his workshop's craftsmen into the service of one of his passions: cigars. Tired of dried out cigars, Fallon started his brand out of this simple need. Falloncuir pocket humidors are manufactured with the finest skins: Alligator, Crocodile, Python, Buffalo, Stingray, Ostrich, Ostrich leg, Frog and Orylag. The special African Test collection was inspired by a trip to Africa and comprises the likenesses of three animals, the Giraffe, Zebra and Lion. The cases were created out of buffalo leather and oryrag fur. Not only are these cases elegantly whimsical, they are also designed to protect your precious cigars from humidity and jungle exposure for 5 to 7 days.
